ABC ACCREDITATION 2014
"Understanding the role of Program Educational Objectives and Student Outcomes in the accreditation process."

Tuesday, July 22 - 2:00 pm to 4:00 pm

Amparo Camacho Diaz
Workshop:
This workshop is based on Criterion 2: Program Educational Objectives and Criterion 3: Students Outcomes used by ABET for accrediting engineering programs, in order to understand the existing relationship between the two criteria.

Topics Include:

- Consistency between the PEO and the institutional mission

- The importance of periodic review of the PEO
- The articulation of PEOs with SO

- Methods to assess and evaluate SO

During this workshop, participants will know direct and indirect methods to assess and evaluate SO, analyze the mapping of PEO with the institutional mission, and explore direct methods for the evaluation of SO through the courses of the study plan.
